**ADDITION TO BLUE VALLEY LUTHERAN
HOMES WILL MORE THAN DOUBLE ITS SIZE**

(KEARNEY, NE; October 9, 2008) — Construction has begun on a 30,000 square foot addition which will more than double the size of the Blue Valley Lutheran Homes assisted living facility in Hebron.

According to Mark Benjamin, president of BD Construction in Kearney, the project will add 2 studio and 23 one-bedroom apartments to the existing 16 and create a central courtyard in the process. “These are very attractive units, each with its own full bathroom and kitchenette,” Benjamin said. “Blue Valley Lutheran Homes has given a great deal of thought to the comfort and convenience of the people who will live here.”

Benjamin said the new addition will also include a main dining room with an adjacent commercial kitchen, as well as a billiards room, chapel, barber and beauty shop, and a small ice-cream parlor. There will also be a generous lobby and common area with vaulted ceiling and sunny clerestory windows. For family gatherings and other uses, a smaller, private dining room will also be available.

The Blue Valley Lutheran Homes addition is expected to be completed by September 2009, Benjamin said.

About BD Construction

Founded in 1960, BD Construction is today one of the Midwest’s leading design-build contractors, with a lengthy history of large scale building projects of every description, from hangars to hospitals to hotels. As design-build specialists, BD is capable of handling all aspects of a building project, starting with the initial concept and floor plans and continuing through site selection and preparation, design, financing and permitting, construction, landscaping and evaluation of the finished project.
